

# The Monthly Perk Networking Breakfast

*Taking the grind out of networking.*

Another Member Benefit brought to you by the

**What do strategic marketing and a fresh, hot cup of coffee have in common?** They're both a great way to begin the workday. Fortunately, you can enjoy them together every few weeks at *The Monthly Perk*, the Chamber's monthly networking breakfast.

This newly revamped event is waking people up in a very good way. Originally geared toward acclimating new members, it is now a prime opportunity for business people who do their best work in the morning to get their day off to a smart start.

Meetings start at 8:30am and are typically over by 10:00am. *The Monthly Perk* offers opportunities for informal business networking. Each person has the opportunity to talk about their business and the products and services they provide to the event attendees. Afterwards, there are limitless opportunities for open networking. Admission includes continental breakfast, each attendee is given a Networking Guide, which includes contact information for all pre-registered attendees, and offers one more networking opportunity to take advantage of.

Please register and fax to the Charles County Chamber of Commerce. Remember to RSVP by the designated date you are *guaranteed* inclusion in the Networking Guide that is distributed to all attendees.

Take advantage of the *multi-breakfast discount* by registering for four or more dates and attend for just \$7.50 each. **You have nothing to lose except networking opportunities if you don't sign up today!!**

**Can't make too many commitments????** Register by the RSVP date for each breakfast and attend for \$10 - that's \$5 off the standard registration price. Price at the door will be \$15.
